## Projects

### [Multi-Dimensional Tic-Tac-Toe](#) - Solo Project - Fall 2022

Tools Used: C#, Unity

A twist on the game of Tic-Tac-Toe, with game modes in three dimensions, and multi-dimensions. The multidimensional game mode requires players to win a flat, two-dimensional, game of Tic-Tac-Toe to claim each cube of the three-dimensional game.

### [Personal Website](#) - Solo Project - Fall 2022

Tools Used: HTML, CSS, JavaScript, Git

A website built to serve as both a digital resume and a place to host other projects. It includes a biographical section, a projects section, and a journal section keep track of other programming projects.

## Experience

### **Computer Science Teaching Assistant** - Sep 2022-Present

Assist students during computer science lab times, answer questions, and act as a secondary resource to the Professor. Correct programming labs and homework assignments, checking for accuracy, original work, and code efficiency.

### **SEARHC COVID-19 Data Entry Clerk** - Summer 2020

Efficiently and accurately entered patient chart data for COVID tests and vaccines. Logged daily test usage for multiple organizations receiving COVID tests through SEARHC.
